establishment proclamation no 203 2013 2 definition unless the context requires otherwise in this proclamation 1 council means the Amhara national regional state population affairs council 2, Amhara is the second largest of nine Ethiopian regions by population and the third largest by area spanning about 160, 000 square kilometres 1 slightly smaller than the state of Florida or the nation of Uruguay 2 the region which is set in northwest and north central Ethiopia is characterized by a massive breadth of topography, the usaid estimated a population growth rate of 3% per year and a doubling time of 25 years this is also true nationally this rapid population growth rate has led to severe land shortages and rapid natural resource degradation in the Amhara region 94 percent of households have insufficient land to meet their food needs, Amhara regional state Ethiopia 2 methods and participants an institution based cross sectional study was conducted from
Amhara is located in the northwestern and north central part of Ethiopia. The state shares common borders with the state of Tigray to the west, as well as to the north of Somalia to the northeast and south. In 2013, the population of the state was 213,000 people, which is the most populous city in mid-2008. It was the only city in Amhara with a population of over 200,000. The table below shows the top ten urban centers by population size. In July 2008, the 10 biggest urban centers in Amhara were reported in the table. The working language of the state capital city, Gonder, is Amharic. The capital city of the state of Amhara is Bahir Dar. The state of Amhara consists of 10 administrative zones, one special zone, 105 woredas, and 78 urban centers. Amharic is one of the nine ethnic divisions of Ethiopia, accounting for 63% of the country's population with 44% belonging to the Ethiopian Orthodox Church. Ethiopia has the first Hijra in Islamic history and the oldest Muslim settlement on the African continent. Amhara region Amharic is one of the nine ethnic divisions of Ethiopia containing the homeland of the Amhara people. The region's capital is Bahir Dar. Ethiopia is estimated to be about 65 million heads as of 2000. Despite the high population, Amhara remains one of the richest regions in Ethiopia. Among high school students in Bahir Dar, Amhara region, Ethiopia 2013, two methods were used. The first method was a cross-sectional study design carried out in Bahir Dar. The second method was a study design institutional based cross-sectional study design. The study was conducted in South Gojam Zone, Amhara Regional State, Ethiopia 2013. The single population formula was used and estimated stunting for development community policing national regional state, the study was conducted in South Gondar Zone which is found in Amhara Regional State located at 664 km from the capital city, Addis Ababa. The largest inland body of water lake Tana which is the source of the Blue Nile River is located within Amhara. The study was conducted in 2013. The reported annual incidence of malaria in the Amhara region was 60 cases per 1000 population accounting for 19% of the national malaria burden. More than 63 million people live in areas at risk of malaria in Ethiopia. The state of Amhara, with a population of 20 million people in 2012, had a reported annual incidence of malaria of 46 cases per 1000 population accounting for 15% of the national malaria burden. More than 63 million people live in areas at risk of malaria in Ethiopia.
